* THE DIFFERENCE IS COMMITMENT

Today's awnings can add decorative appeal, offer protection from the elements and enhance the appearance of your home or business. You can choose from a limitless array of possibilities and exciting fabric styles in every color of the rainbow. Yet, your most important choice will take place before you decide the first fabric color.

Only one awning provider in South Florida has the unique combination of experience, commitment and proven results to merit your business. **American Made Awnings of Hollywood** is a family owned business that has brought the finest awnings to our customers for four generations.

Awnings of Hollywood offers meticulous attention to every aspect of your awning needs. Knowledgeable personnel can custom design any fabric structure to fit your needs. Real old-fashioned craftsmanship and pride in workmanship is found in every American Made Awnings of Hollywood project. We're large enough to do any awning job, yet small enough to offer the individualized attention and service you expect.

Every awning sold and installed by American Made Awnings of Hollywood is backed by our outstanding reputation. All awning structures and installations are protected by a **10-year guarantee**. American Made Awnings of Hollywood is fully insured and licensed in the tri-county area. All of our installations are carried out by our expert personnel...never by unqualified subcontractors!

The quality you deserve is also affordable at American Made Awnings of Hollywood. We accept Mastercard, Visa, and have a variety of financing plans available.

Awnings of Hollywood sets the standard with award-winning custom designs which afford you the very finest awnings at affordable prices. Whether traditional, art deco or "cutting edge" designs, Awnings of Hollywood can handle the job. Call us today to arrange a **FREE, no-obligation estimate**.

* FINEST SERVICE

Quality awnings require occasional maintenance, repair and removal. When it is needed, you can count on American Made Awnings of Hollywood to provide the finest service. We're available to clean, restore and maintain your awnings. Call us to remove your awning in the event of a hurricane. We can even repair existing awnings that were originally sold and installed by our competitors. And every job is completed by our own qualified professionals...we do not sub-contract work. With American Made Awnings of Hollywood, you'll never need another awning company!

* THE RIGHT FRAME TO ASSURE RELIABILITY

The cornerstone of quality is the design and construction of the awning frame. The American Made Awnings of Hollywood difference begins with the finest frame available. When comparing an awning product, we encourage you to look for these important specifications that are found in every Awnings of Hollywood fabric structure...

- Only non-corrosive tubing, zinc coated inside and out
- All joints are mitered and not flattened to fit, allowing piping to retain its density, strength and symmetry
- Welded joints are ground smoothly and primed with epoxy based primer to harden and prevent rust and water penetration
- All joints are mig welded, a process that ensures that joints remain strong
- Joints are sealed to prevent corrosion from inside out
- Wire-fed process for framing
- Frames are designed to resist winds up to 140 mph
- All frames meet Dade and Broward requirements
- All fasteners used to attach structure to walls are galvanized or stainless steel
- Standard frame color is silver, but we can custom paint
- Aluminum tubing available upon request
- All welds in accordance with A.W.S. standards

* EXCEPTIONAL COVERINGS

We've got you covered in an unbelievable array of colors and fabrics. American Made Awnings of Hollywood utilizes only first-quality vinyls and fabrics. Every corner is reinforced with four plies of material to ensure longevity. Threading is coordinated throughout the covering. All vinyl and fabric connectors are nickel or brass plated. Polyester threads and an extended lifetime warranty are available. Ask your representative for details.

* EXPERT INSTALLATION

Experience is the rule at Awnings of Hollywood. A knowledgeable supervisor is on-site at every installation to answer your questions and insure quality workmanship. Our structures are caulked with GE silicone to the house. All parts, including nuts and bolts, are covered by a **1-year warranty**. All necessary permits are pulled, and trucks are equipped with state of the art tools and direct communication to the corporate office.

* SEE IT NOW

Ask your representative about our "See It Now" System which will allow you to view a computer enhanced photograph to see exactly how your new fabric covering will enhance the beauty of your home or business.

QUALITY YOU CAN SEE!
