**STRATAGLASS™ is the leading brand for flexible marine enclosure windows worldwide. From center consoles to mega yachts, STRATAGLASS™ is the flexible window product of choice used by discerning professional and recreational yacht owners, and has been for more than 20 years. Accept no imitations.**

**Because of the optimal clarity and durability, STRATAGLASS™ is also suitable for restaurant enclosures, awning curtains, automotive windows and tents.**

- STRATAGLASS™ offers a “No Worries” 2-year, performance based, limited warranty. Proper care and maintenance are required.
- STRATAGLASS™ features our Signature Clarity and Scratch Resistant Surface built on a composite foundation.
- Proprietary annealing processes give STRATAGLASS™ unsurpassed clarity, hardness, broad spectrum UV protection and resistance to environmental elements.
- STRATAGLASS™ is subject to a rigorous Quality Assurance Review. Every STRATAGLASS™ sheet delivers the Total Cost of Ownership to fabricators and end-users.
- STRATAGLASS™ is easy to fabricate, provides anti-glare and improves low light visibility, and is trouble free in use.
- CRYSTALCLEAR™ uncoated press polished window sheets also have excellent clarity and marine use stability. Using the same proprietary manufacturing processes and Quality Assurance Review, CRYSTALCLEAR™ is dielectrically weldable and well suitable for marine or commercial window applications.
- Visit [www.strataglass.com](http://www.strataglass.com) for care and maintenance and more product information.

STRATAGLASS™ is available through a worldwide network of authorized STRATAGLASS™ distribution partners. [www.strataglass.com](http://www.strataglass.com)
